**ORDER ACCEPTING FINDINGS AND RECOMMENDATION  
OF THE UNITED STATES MAGISTRATE JUDGE**

After reviewing the objections to the Findings, Conclusions, and Recommendation of the United States Magistrate Judge recommending that petitioner's motion to stay and abate his federal petition be denied, and conducting a *de novo* review of those parts of the Findings and Conclusions to which objections have been made, I decline to adopt the Magistrate Judge's factual finding that petitioner did not attempt to raise his unexhausted claim in his state writ. However, I am of the opinion that the remainder of the Findings and Conclusions of the Magistrate Judge are correct and they are accepted as the Findings and Conclusions of the Court. Because petitioner has not shown that the unexhausted claim he seeks to exhaust in state court is potentially meritorious, as required under *Rhines v. Weber*, 544 U.S. 269, 278 (2005), petitioner's motion to stay and abate his case (doc. 23) is **DENIED**.
